SUMMARY

Computer Science graduate with a strong interest in full-stack development and a solid foundation in Java and Spring Boot. Confident in building RESTful APIs and full-stack applications through hands-on project work. Known for being detail-oriented and consistent in learning new technologies, with a focus on writing clean and reliable code. Seeking an Full Stack Developer role to contribute, grow, and take on real-world development challenges.

TECHNICAL PROFICIENCIES

Languages: Java and Java Script.

IDE: Visual Studio Code, IntelliJ idea.

Database Management: Mongo DB, My SQL.

Frontend: React, HTML, CSS.

Backend: Spring, Spring Boot.

Development Paradigms: OOP, MVC, Microservices.

Deployment Tools: Docker, Netlify, Render.

WORK EXPERIENCE

Infrontech Solutions Gandhidham - Java Developer

2025 May – 2026 June

- Fixed bugs reported by users and QA team in existing Java web applications.
- Worked on backend modules using Java, Spring Boot, Hibernate, and MySQL.
- Added small features and enhancements based on client requirements.
- Developed and modified REST APIs for existing functionalities.
- Collaborated with senior developers to implement changes and resolve issues.

Bytes Bizz Technology Rajkot - React Developer

2024 Jan – 2024 April

- Built user interfaces using React with functional components and JSX, while implementing with hooks such as useState and useEffect.
 - Gained practical understanding of data flow between the client (React) and server (Node.js APIs) in a full-stack web application.
-

PROJECTS

e-Commerce Web Application

A full-stack e-commerce web application built using Spring Boot and React that allows users to browse, search, and manage products through RESTful APIs.

Tech Stack: Java, Spring Boot, Spring JPA, React, SQL.

User record management

A RESTful API built with Spring Boot and React enabling complete user management through CRUD operations.

Tech Stack: Java, Spring Boot, Spring JPA, React, SQL.

Movie Catalogue

A React-based web application allowing users to explore movies, check ratings, and manage a favorites list.

Tech Stack: React, JavaScript, HTML5, CSS3.

EDUCATION

B.E in Computer Science, Government Engineering College Rajkot

2021 - 2025

Diploma in Computer science, Tolani Foundation Polytechnic Gandhidham.

2019 - 2021
